PAML- PAML couriers will make pickups on Saturday, September 2nd, 2017. PAML couriers will not make a pickup on Labor Day, September 4th, 2017

If sending time sensitive specimens please be sure they will be able to be delivered and tested within the constraints of these limited transportation options. Refer to the NPL Test Catalog at www.northernplainslab.com for specimen stability information and shipping directions. You may need to freeze samples you would normally send as refrigerated specimens. Thank you for your attention to these shipping constraints. Please call NPL at 1-800-645-1003 if you have any questions or concerns.
